ABOUT ME

Located in Tampa, FL, I have worked in the software industry for over 5 years. I specialize in building users the most seamless web experience possible.

EXPERIENCE

Software Engineer | Celerity | July 2018 – Current

Specializing in React/Redux, I worked with clients to help build their brands as well as plan and build out web applications.

Independent Contractor | Nov. 2017 – July. 2018

Provided customized web applications for different companies, small and large. Worked on applications in different industries such as, hospitality, food service, and general contracting.

Front-End Developer | Cabinets.com | Aug. 2016 – Nov. 2017

Implemented visual elements for users with HTML and CSS. Provided functionality to e-commerce website using JavaScript and PHP and managed product data using Magento and MySQL.

Teachers Assistant | The Iron Yard | July 2016 – Aug. 2016

Assisted in teaching Front-End Engineering students HTML, CSS, JavaScript and popular JavaScript libraries such as React and Redux.

EDUCATION

Front-End Engineering | April 2016 | The Iron Yard

The Iron Yard is a 12-week immersive code school where I graduated with the skills to start my career as a Front-End Engineer. The Iron Yard instilled a learning mentality from the start which is how I have been able to grow and pick up new skills as an engineer over the past 5 years.
